
Lockheed F117A Stealth

[View this kit on the website.](#)

The F-117A was designed as a sub-sonic bomber with a very low radar signature for penetration of enemy air space. During Operation "Desert Storm" in early 1991 the F-117A played a major role in the night-time precision bombing of heavily defended targets over Iraq.

Airfix Series (*first appearance*): 5
First Issued: 2005
