# HMS Daring Type 45 Destroyer Gift Set

[View this kit on the website.](#)

HMS Daring, the Type 45 AAW Destroyer was the first of the Type 45s to fly the white ensign since its handover ceremony on the 10th December 2008. Daring represents a step change in the air defense capability of the Royal Navy in comparison with the class of ships that it replaces. The hull and superstructure shape makes for an almost invisible profile from radar detection.
