# Blackburn Buccaneer (NA.39)

[View this kit on the website.](#)

A really up-to-date strike aircraft the NA.39 incorporates the most modern aerodynamic refinements to combat low altitude turbulents. The crew have available the most advanced electronic equipment to ensure both navigational safety and bombing accuracy. This kit contains 45 parts which make into a 10 1/2 inch long model with operational features just like the real thing, such as a rotating bomb bay, folding nose cone and wings. - Taken from the [1st edition catalogue \(1962\)](#)
