
BAE Warrior

[View this kit on the website.](#)

Developed by GKN Defence, the Warrior entered service in 1984 and has since been continually updated. The most current version in British Army service is the Warrior TES specification, featuring bar armour to protect the hull against shaped charges such as rocket propelled grenades, as well as a host of communication and sensory upgrades.

Airfix Series (*first appearance*): 7
First Issued: 2013
