
WWII USAAF Bomber Resupply Set

[View this kit on the website.](#)

As US bomber operations began to take place at airfields all over Southern England from the summer of 1942, the vehicles used in servicing their Liberators and Flying Fortresses were slowly changing from the standard RAF support vehicles, to specialised US Air Force equipment. From fuel trailers to bomb trolleys, Bedfords were quickly being replaced by Chevrolets.

Airfix Series (*first appearance*): 6
First Issued: 2016

Box art Artists
