
Supermarine Spitfire MkVa

[View this kit on the website.](#)

Without doubt, the Supermarine Spitfire was one of the most important aircraft of WWII, with more being produced than any other British aircraft type - it was also in production throughout the war. The Mk.V version of the Spitfire was produced in greater numbers than any other mark and gave the RAF a combat advantage throughout most of 1941.

Airfix Series (*first appearance*): 2

First Issued: 2016
