
Curtiss Tomahawk Mk.IIB

[View this kit on the website.](#)

The first Curtiss Tomahawk fighters to arrive in Britain during WWII operated in the tactical reconnaissance role and were deemed unsuitable for fighter sweeps into German occupied Europe. Later models incorporated a number of improvements and saw extensive service with the Western Desert Air Force, driving the Italians out of Libya and taking on the newly arrived Messerschmitts of the Luftwaffe.

Airfix Series (*first appearance*): 5
First Issued: 2017
