
Hawker Sea Hurricane Mk.IB

[View this kit on the website.](#)

Having proved itself during the savage dogfighting of the Battle of Britain, the Hawker Hurricane would also make a valuable contribution in protecting the vital sea lanes from German attack, both above and below the water. Modified with the addition of catapult spools and a fuselage mounted arrester hook, Sea Hurricanes were embarked aboard Britain's diminutive aircraft carriers from mid 1941.

Airfix Series (*first appearance*): 5
First Issued: 2017
