
The Fairey Rotodyne

[View this kit on the website.](#)

Ambitious as a real aircraft and equally ambitious as a model, Airfix provide 115 parts to construct a perfect miniature reproduction of this much publicised record-breaking passenger/freight craft. The retractable undercarriage, fully operating tail doors and detailed interior are just three of the special features which Airfix include in this kit. The rotor has a span of 15 inches and the exact 1/72nd scale of this model makes it ideally suitable for use on a heliport in conjunction with a "00" gauge model railway. - Taken from the [1st edition catalogue \(1962\)](#)

5th edition catalogue (1967), listed as **Fairey 'Rotodyne'** from **The Fairey Rotodyne**.

10th edition catalogue (1973), listed as **Fairey Rotodyne** from **Fairey 'Rotodyne'**.

1996 edition catalogue, recorded as a **new** kit.

Airfix Series (*first appearance*): 4
First Issued: 1959
