
McDonnell F-15A Eagle

[View this kit on the website.](#)

The Eagle is the US Air Force's latest air superiority combat fighter. Supersonic in a vertical climb it combines advanced radar and an array of the most modern missiles to make it one of the world's leading interceptors. The kit too is a leader including as it does, fine detail, optional weapons and two sets of operational markings. - Taken from the [15th edition catalogue \(1978\)](#)

15th edition catalogue (1978), recorded without a model number. Below, 05015-7 is implied for 1978.
