
Lockheed C-130K Hercules

[View this kit on the website.](#)

Since 1956 the Hercules has become the most widely used Military transport aircraft in the world. The C-130K's which are now being used by the R.A.F. are the most modern version. This giant kit features working parts of the original such as the loading ramp and tail doors. - Taken from the [7th edition catalogue \(1969\)](#)

9th edition catalogue (1971), listed as **Lockheed C-130 Hercules** from **Lockheed C-130K Hercules**.

12th edition catalogue (1975), recorded as a **Series 9** kit.
