
BAC-Sud 'Concorde'

[View this kit on the website.](#)

Being developed as a joint Anglo-French enterprise, the huge delta wing airliner will be the world's first supersonic transport. It is already on order for most of the major airlines and will drastically cut the time taken on transatlantic flights. Complete with transfers for Air France. - Taken from the [5th edition catalogue \(1967\)](#)

7th edition catalogue (1969), recorded as a **Series 5** kit.
