
Windmill

[View this kit on the website.](#)

For model railway enthusiasts who follow the pre-grouping era, this exact scale model of an English Post Mill will provide just that extra touch of realism. The span of the sails measures 190mm. (7 1/2 inches) and the height to the roof is 114mm. (4 1/2 inches). - Taken from the [1st edition catalogue \(1962\)](#)

17th edition catalogue (1980), recorded as a **Series 3** kit.

Airfix Series (*first appearance*): 2
First Issued: 1958
