
Morris Mini-Minor

[View this kit on the website.](#)

Taking it down even smaller in size, but to an exact 1/32nd scale, is this remarkably detailed 46-part kit of the revolutionary Mini-Minor. In addition the kit contains two extra parts for conversion to the equally famous Austin Seven, if desired. Complete with a selection of four different number plates and suggested colour scheme. - Taken from the [2nd edition catalogue \(1963\)](#)
