# Dodge Weapons Carrier

[View this kit on the website.](#)

Known affectionately to American GIs as the 'Beep', the Dodge 3/4-ton truck was a widely-used supply vehicle of the Second World War. This model can be completed as either a WC-52 with winch or a WC-51 without the winch. Full internal detail, a crew of three and a cargo trailer make up this 117-part kit. - Taken from the [13th edition catalogue \(1976\)](#)
