
Waterloo British Artillery

[View this kit on the website.](#)

This set presents the Horse Artillery as used at Waterloo, including a six horse team with gun and limber and a gun in action with full crew. A well trained gun crew could fire, clean the muzzle, reload and fire again in under 30 seconds, but were almost defenseless against enemy cavalry attacks. - Taken from the [9th edition catalogue \(1971\)](#)

Airfix Series (first appearance): 1
First Issued: 1972

Box art Artists

Artist on Box Type 3: William Stallion
