# 95th Rifleman 1815

[View this kit on the website.](#)

First raised at the turn of the century, the 95th was the only British rifle regiment at Waterloo. Trained to fight as individuals rather than moving in formations, the riflemen were armed with the Baker rifle and carried sword bayonets. Their green jackets and black equipment gave them a quite distinctive appearance. - Taken from the [11th edition catalogue \(1974\)](#)
