
Blue Tits

[View this kit on the website.](#)

Second in the popular Wildlife Series is this kit of that familiar British garden bird, the Blue Tit. Present all the years this agile, intelligent bird, is one of the more easily recognisable species of the tit family and it regularly acquires a certain notoriety as the stealer of milk by pecking at the foil of the bottle tops. This delightful model is further enhanced with painting and should appeal to all ages. - Taken from the [14th edition catalogue \(1977\)](#)

Airfix Series (*first appearance*): 3

Rarity of early version: Scarce

First Issued: 1977
